[Project Number: 2021-1-CY01-KA220-VET-000033254]

PURPOSE

Ensure that learners are better prepared for the digital demands of the 21st century.

Information and Data
Literacy

Communication and
Collaboration with
Digital Technologies

Digital Content
Creation

Digital Safety

1. INFORMATION & DATA LITERACY

The ability to find, evaluate, and use information effectively.

Activities and strategies for promoting information and data literacy in VET:

Integrating information and data literacy into VET curricula.

Encouraging collaboration and peer-learning to enhance information processing skills.

Utilizing digital tools and resources to access and analyze information.

Providing ongoing support and resources to strengthen information and data literacy skills.

2. COMMUNICATION AND COLLABORATION WITH DIGITAL TECHNOLOGIES

Connecting and working together online.

How can we promote it in VET Organizations?

- Integrating digital tools into VET curricula to facilitate online communication and collaboration.

Developing collaborative projects and activities that require learners to work together virtually.

Using real-world examples to demonstrate the importance and effectiveness of digital communication and collaboration.

Offering professional development opportunities for trainers to enhance their digital communication and collaboration skills.

Assessing and continuously improving digital communication and collaboration practices in VET settings.

3. DIGITAL CONTENT CREATION

Expressing ideas creatively through media

Let's explore strategies for promoting digital content creation in VET:

Encouraging learners to create digital portfolios or projects to showcase their work.

Providing guidance on various types of digital content creation: Infographics, Videos, and Presentations.

Demonstrating real-life applications of digital content creation in different VET fields.

4. DIGITAL SAFETY

Ensuring secure and responsible online experiences.

Common threats

Cyberbullying

Phishing

Malware

Privacy violation

Common measures

Data protection and privacy protocols

Data backups

Responsible online behavior

Activity

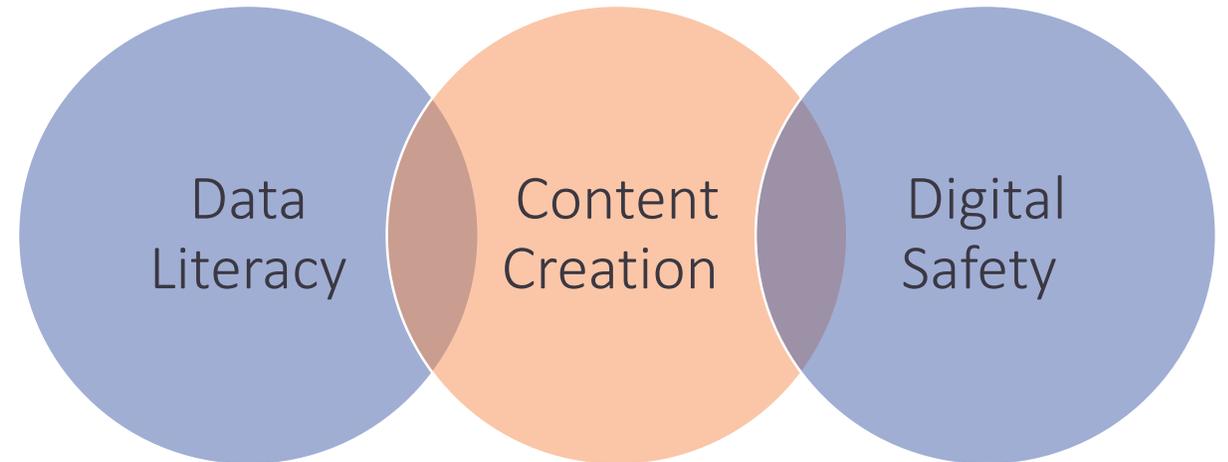

STEP 1

Divide into 3 or more groups.

STEP 2

Choose a topic related to your field of interest for a group brainstorming session.

Activity

STEP 3

Enter the shared online document using Jamboard.

<https://jamboard.google.com/d/1LorruPfFJbKYYG-TefLxTs9kAl0CihkQZfpi3w-qkII/viewer?f=0>

STEP 4

Take 10 minutes to brainstorm on your topic with your team and create a visual representation of your assigned topic.

Things to include: concepts, skills, tools, and best practices

Thank you!
