WHAT IS GROOVE?

GROOVE is a transnational project funded by the Erasmus+ programme of the European Union. Our partnership aims at building the capacity of VET providers/trainers to digitize, modernize their practices and build VET learners' digital literacy and improve vet providers/trainers' competences to prepare and implement a digital education action plan.

WHO IS GROOVE?

We are seven partner organisations from six EU countries: Cyprus, Ireland, Austria, Greece, Portugal and Spain.

WHAT HAS HAPPENED RECENTLY?

On May 30th, the @GROOVE partners and VET trainers participated in the Learning, Teaching and Training Activity of the project. The event was a great opportunity to enhance vocational education and digital transformation knowledge and skills.

At the beginning of the training, participants delightfully enjoyed two outdoor study visits along with an informative walk in the old city of Nicosia. Specifically, they visited the Information Center and Training for Employment and Entrepreneurship (KEEAED) of the Municipality of Nicosia and the CYENS - Thinker Maker Space. The following days partners co-organised activities and workshops related to the digital transformation of the VET sector.
